

# **Dennemeyer: unmatched global IP services for law firms**

When Intellectual Property (IP) becomes key to business success, law firms need a provider with deep expertise and a comprehensive approach. Dennemeyer & Associates offers decades of experience, global presence and a complete suite of services tailored to elevate your firm's abilities and deliver outstanding value to your clients. Whether you seek white-label solutions or third-party vendor support, we are your full-service international partner.

## **How we add value**

From worldwide patent filing and flat fee prosecution to EP validation, PCT nationalization and renewals, we ensure your clients' innovations are safeguarded. For trademarks, we handle filing, renewals as well as recordals to maintain brand integrity across jurisdictions.

Thanks to the Dennemeyer Group's complementary specializations, you and your clients can benefit from augmentative solutions. Our IP Management Software choices deliver robust tools and efficient portfolio oversight to streamline everyday operations, while our IP Consulting experts provide strategic guidance for any business situation.

# Specialized IP expertise for your industry

Delivering excellence from sector-specific attorneys

At Dennemeyer & Associates, our Practice Groups (PGs) are designed to provide clients with the highest level of specialized IP services. These PGs consist of trademark and patent attorneys who align by industry or procedure based on their skills and background. Thanks to this structure, we ensure that your casework is handled by experts who are deeply familiar with the nuances of your specific sector.
